

Bloomfest 2015!

For all Descendants of William Bloom (1752-1828), pioneer settler of Clearfield County, PA. Still in the planning stages the biggest Bloom Family Reunion ever will take place over a weekend during the summer of 2015 in and around Clearfield.

The month of July is tentative and the location for a big picnic will possibly be at "Pee Wee's Nest" at Irvin Park, in Curwensville, PA. This is very near where our ancestor William first settled.

The planned date has been set far enough in the future to make it possible for all those interested, from around the country, to have plenty of preparation time to attend. Many fun events at different locations are in the works and announcements will be made as they are finalized.

Please let all the Bloom family descendants know about this big family event. It'll be a great opportunity to meet together, to learn about and to share in our rich family history at Bloomfest 2015.

We hope to see you there!
